## WRITES OF NORMAL

TELLS OF THE AGRICULTURAL EXPERIMENT STATION.

## LETTER FROM DR. TAYLOR

In Which He Says That the Normal is Not to Be Made an Agricultural College.

Editor Democrat-Forum: Much interest is manifested in the proposition to establish an agricultural station at the Northwest Normal school, in correlation with the agricultural department of the university. Such an enterprise means much for Northwest Missouri.

The Northwest Normal school has a great mission in training teachers for this district, as one-fifth of the teachers in the state are in these nineteen counties. They must have a school convenient to them and equipped in every sense for giving them needed preparation. This school means better prepared teachers for all grades of schools in this district, and let it be understood that its great mission is teacher preparation. Three-fourths of the teachers who now get normal instruction would not do so if they had to be put to the expense and inconvenience of going to a remote part of the state for instruction. But how is this teacher preparation to be accomplished? Of course, there must be every equipment in faculty and appliances for pedagogical training and for academic scholarship at least to the junior year of the college course. But those who are trained to teach must be so trained that they become the leaders of their communities in all that goes to add to the intellectual, social and material welfare of those communities.

One of the most efficient ways in which this can be done is the training of teachers in the practical experimentation work of agriculture.

Send out hundreds of intelligent school teachers into our rural and village schools who have been taught in an experiment station the testing of seed, judging of corn, the determination of the stand, the yield, the quality, the rotation of crops, the conservation and adaptability of soil, and many other practical ideas and make these teachers competent to use the corn fields near their school houses for the rural experiment stations of their various communities, and there will be awakened an intelligent interest in agriculture all over this section that will increase a 20 bushel yield to 50, and not only multiply by the same or less labor the material wealth of this section, but thereby increase the resources for providing better homes, better roads, better educational advantages and every other condition that makes for a better citizenship.

If the teacher gets that practical training at the normal along with the theory of education and thorough scholarship he is then competent to be the active force in his community, not only in telling what can be done, but doing it in demonstration of his theory.

If such work as this is done at the Normal, the end of ten years will find hundreds of communities all over this district enthusiastic in the practice of approved methods of agriculture who are now wasting time effort and soil, either through ignorance of important principles and facts, or if not ignorant, absolutely indifferent to any improvement in their wasteful methods of cultivating the soil.

This proposed agricultural experiment station is only one means of making the school teacher a greater factor for good. It is not in any sense to be simply an agricultural college. We have a great university that we all want to see greater, and it will provide the higher and more technical advantages through its agricultural department. The Normal school, with its 117 acres of land, will simply by the co-operation of the university, put to practical test some of the more practical plans and use this work for training teachers just as the Normal uses its training school, its home economics department and manual training to teach teachers not only the science of these branches but the art of their execution.

The agricultural experiment station will form an essential factor in training teachers and will therefore be only one of the many agencies employed by the Northwest Normal school for making the teacher more than the mere disciple of some dogmatic pedagogue or the depository of class room theories of education.

ories of education.

There is no need of making the Normal school an agricultural college. It would do violence to the needs of 3,000 teachers of Northwest Missouri who, if equipped at all, are to be equipped in more than agriculture in the institution accessible to them.

The agricultural experiment station proposed at the Normal for pedagogic training and for awakening an intelligent interest and practice in the subject of agriculture is meeting with great favor all over the district. The time is opportune, the need imperative, and the possibilities unlimited. Concerted action and good judgment will make this the greatest enterprise of Northwest Missouri. It is very encouraging to note that the daily papers of St. Joseph, the press throughout the district, our representatives and senators, and other prominent people are heartily endorsing the movement.

The agreement upon plans between the university and the Northwest Normal has been reached and everything seems to be auspicious for a successful inauguration of the project.

Truly,

H. K. TAYLOR,

President Northwest Normal School.

## News of Society and Women's Clubs

Will Hold Christmas Market.

The Ladies' Aid society of the M. E. church, South, will hold a Christmas market at the Parisian millinery store, on South Main street, on Saturday, December 24.

Bridge Club Met.

Miss Esther Shoemaker entertained the Bridge club Friday afternoon. The members included Misses Brownie Toel, Marie Brink, Maud Balmun, Kitty Grems, Laura Barmann, Marie Woolley and Elise Jackson.

Brought Christmas Greetings.

Mrs. Stant Garten and son and daughter of Pickering came to Maryville Friday evening and are guests of Mrs. John A. Wallace and other relatives. Just before returning to Nodaway county from their recent home at Alamosa, Col., some three weeks ago, Mr. and Mrs. Garten and their family were guests of Mr. and Mrs. Silas Ross of Cotopaxi, Col., for several days. Mrs. Ross will be better remembered as Miss Alice Cooper, the daughter of Marion Cooper, formerly of this city. Before leaving for Missouri, Mrs. Garten and Mrs. Ross took a tramp into the mountains near Mrs. Ross' home and gathered a huge bunch of kinnikinnik, a Colorado Christmas decoration of the same hardness as our holly, which Mrs. Garten brought home with her, and is distributing sprigs of it among Mrs. Ross' old friends in Maryville and at Pickering, as her Christmas greeting. Mrs. Ross was a teacher in the schools at Pickering before her marriage to her husband, who also lived near Pickering.

Sang for Students.

Miss Marie Jones of the Conservatory of Music sang at high school assembly Friday, giving two numbers, MacDowell's "A Maid Sings Light" and "Love is a Bubble," by Allitsen. Miss Birde Shelton was the accompanist.

W. L. Flowers of Hopkins was in Maryville on business Saturday.

## THE CITY COUNCIL MEETING FRIDAY

Nothing of much importance was transacted at the city council meeting held Friday evening. An account of \$65 for auditing the city books last May, which was not allowed at the meeting held the first of the month, was approved by the board and allowed.

A sidewalk ordinance for West Third street was defeated. The board ordered Lon Shankle to clear up the city boncyard and allowed him the privilege to raise crops there. The yard is located in East Maryville and contains about four acres. The petition for a street light at the corner of Jenkins and Water streets was referred to the light committee.

O. K. Herndon was granted a five table pool license for Maryville.

## OFFICERS INSTALLED FRIDAY EVENING

The officers recently elected and appointed for Nodaway lodge, No. 470, A. F. and A. M., were installed at a meeting of that lodge held Friday evening. They were: Roy Curfman, W. M.; L. C. Allender, S. W.; E. E. Williams, J. W.; Roy Collins, secretary; James Todd, treasurer; Will Phares, S. D.; C. C. Holmers, J. D.; W. Dusenberry, S. S.; Albert Kuchs, J. S.; Mark Hefflin, tiler.

## MISS PERRIN WILL STUDY IN CHICAGO

Miss Lottie Perrin, secretary of the Maryville Conservatory of Music, and a member of its faculty, will leave for Chicago after Christmas to take a several months' course of study under the instruction of Glen Dillard Gunn. Miss Perrin is one of the most conscientious and hard working students the Conservatory has had, and her work as an instructor has revealed excellent teaching ability, her kindness and patience winning her favor. Miss Perrin's friends are glad to know that she is about to realize a long cherished desire to study under the famous Chicago teacher.

## A CHANGE OF VENUE

MOTION WAS FILED BY ATTORNEYS FOR HEZ RASCO.

## TO COME UP THURSDAY

Before Judge Ellison—Rasco Waived Formal Arraignment Saturday.

Hez Rasco, when brought into circuit court Saturday afternoon, waived formal arraignment of the four charges of murder in the first degree of Oda Hubbell, Clara Hubbell, Jessie Hubbell and Welton Hubbell. One of the largest crowds that has ever been in the court house was present Saturday. Long before the hour the court room was well filled. In the crowd were Henry Rasco, father of Hez Rasco, and John Hubbell, the father of Oda Hubbell, the man who was murdered.

The attorneys for Rasco filed a motion for a change of venue from Nodaway county to some other county in this judicial district. The application says that the minds of the inhabitants of the county were so prejudiced against Rasco that he would not have a fair trial in this county. After the attorneys for the state had talked against the application for the motion on the grounds that it was defective, the court sustained the motion and set next Thursday morning at 9 o'clock as a day for hearing of the change of venue motion.

Lee Rasco was a visitor in Maryville Friday and had a long talk with his brother, Hez, at the county jail. It is not known what was discussed.

On Saturday Henry Rasco of Guilford, the father of Hez Rasco, was in the city and held a long conference with Saylor & Crawford, Ellis G. Cook and E. E. Williams, the attorneys for Hez Rasco. Mr. Rasco is going to assist these attorneys in every way possible in this trial. He also visited the county jail to see his son.

Henry Rasco, when seen by a reporter of this paper, said he did not have anything to say, and wouldn't answer the questions that were put to him, saying that he had been advised not to talk for publication.

Squire J. W. Morris performed the marriage ceremony of William N. Searl and Miss Irene Haden of New Market, Ia., Friday afternoon.

Mr. and Mrs. G. T. Noble and little daughter, Genevieve, of Okemah, Okla., have been spending a few days in Maryville with Mr. Noble's grandmother, Mrs. William M. Dempsey of East Third street. They went to Barnard Friday evening to visit Mr. Noble's aunt, Mrs. J. E. Stewart, and family, and were accompanied by his uncle, Charles Stewart, who will also visit in Barnard a few days. Mr. Noble formerly lived at Quitman.

Misses Lena and Myrtle Nixon of the public school faculty at Downer's Grove, Ill., a suburb of Chicago, arrived in Maryville Saturday morning to spend the Christmas vacation with their parents, Mr. and Mrs. I. W. Nixon.

Prof. David Hooper, principal of the Sheridan schools, was in the city Saturday.

Mr. and Mrs. J. S. Casteel and Simon Ross of Ravenwood were city visitors Friday.

## MEETING OF HUMANE SOCIETY FRIDAY

The meeting of the Humane society Friday afternoon at the First Christian church was the initial step toward organizing the various clubs and church charity organizations of the city under one society, in order to more effectively carry on work to help those who need help, but still better, to help them to help themselves.

A committee composed of one member each from the Twentieth Century club, the M. L. Circle, the Relief Corps, the P. E. O. chapter, was appointed to solicit members for the Humane society. Memberships for one year will be sold for \$1 each, while life memberships will be sold for \$10 each. The money from the membership fees would be a good help toward the fund that will soon be needed.

The society adjourned subject to a call from the president.

## "THE CLIMAX" WAS ONE OF THE BEST

"The Climax," which was presented at the Empire theater Friday evening, was one of the best shows that has been at the Empire for some time. Only a fair-sized audience was present. Manager Burtz has cancelled all show dates with these first class companies, as he feels that the people of the city do not appreciate them, as he has had small houses at every one given this fall.

There are only four persons in "The Climax," but they were unusually strong in their parts. The scenery and stage settings were good. The theater goers here were well pleased with the show.

## ORGANIZED A BASKET BALL LEAGUE HERE

Last night at a meeting of representatives from the high school, Business college and the Normal, a basketball league was formed, consisting of the three institutions above named and an independent five known as the "Outlaws." A schedule of six games will be played by each team, and the standing at the end of the tournament will determine the local championship.

All games will be played in the new gymnasium at the Normal, which has a seating capacity for spectators of several hundred. The contests are scheduled in double headers, of which the first will be pulled off on the night of Friday, January 6, at 8 p. m. The program for this night will be High School vs. Business College, and Outlaws vs. Normals.

The squads are all hard at work and a close race for honors is in prospect. The high school will start a hot favorite from the fact that they have an excellent past record and are going now at top speed. The other teams, however, are each hoping to uncover a surprise, and the five that wins the pennant will by no means have a walkover.

## IS VISITING IN CITY WITH RELATIVES

Mrs. B. K. Davis of Philadelphia, Pa., is in Maryville for a visit until after Christmas with the families of her sister, Mrs. Joseph Jackson, Sr., and her brother-in-law, George D. Davis. Mrs. Davis came to Maryville from Excelsior Springs, where she had been for her health. She will spend the winter in St. Joseph with her sister, Mrs. Truman D. Hoemer.

## TOOK HER HOME TO HER MOTHER

A 15-year-old Clarkdale girl, who is in the habit of making the trains and flirting with the train men, succeeded in landing a beau the other day. She gayly consented when he asked to walk home with her; this was real romantic, but the ending was more romantic still. Her newly formed acquaintance asked to be led to her home, and upon arriving there, boldly rang the bell. Her mother came to the door and Mr. Traveling Man delivered a short lecture something like this: "Madam, here's your little girl. I picked her up at the depot, a place where girls of her age should not go alone, unless on business. I have a daughter at home about the age of this one. I am away from home a good deal and don't know for certain whether my daughter meets the trains and flirts with the trainmen and passengers or not, but if she does, I hope someone will do that which I have done for you—take her home to her mother."—Clarkdale Journal.

Marriage licenses granted Friday were to John Dack and Miss Alta Spoonman of Ravenwood, and William N. Searl and Miss Irene Haden of New Market, Ia.

Mrs. J. H. Moberly and little daughter, Golda, returned to their home in Barnard Friday evening.

Miss Lois Gibson spent Saturday in St. Joseph.

DAWN ON THE HEADLAND.

Dawn—and a magical stillness; on earth, quiescence profound; On the waters a vast Content, as of hunger appeased and stayed; In the heavens a silence that seems not mere privation of sound, But a thing with form and body, a thing to be touched and weighed!

Yet I know that I dwell in the midst of the roar of the cosmic wheel, In the hot collision of Forces, and clangor of boundless strife, Mid the sound of the speed of the worlds, the rushing worlds, and the peal Of the thunder of Life.

MRS. LOWE WROTE HER OWN OBITUARY

The Parnell Sentinel had the following in this week's issue:

Cynthia C. Lowe, one of Parnell's oldest residents, died at her home here Tuesday, Dec. 6, 1910, aged 88 years, 2 months and 14 days. The following is the program which she prepared to be carried out at her funeral:

I have prepared the following program, which I wish carried out at my funeral.

CYNTHIA C. LOWE.

"In the first place I wish to thank my dear beloved children and grandchildren for all their loving kindness and tender care bestowed upon me when with them. Also I wish to thank all my dear friends that have gathered here to pay their last respects to me as an individual, for all the attentions they have ever given me. Farewell till we meet again."

C. C. LOWE.

"I was born at Wilmington, Mass., August 23, 1822. I was married at Amherst, N. H., to Cyrus Lowe, June 16, 1842. To this union nine children were born. Four, with the father, passed to the unseen world years ago. I departed to higher life.....aged 88 years, 2 months and 14 days. All sing 'Sweet Bye and Bye.'"

"Now read 'The Voyage of Life,' in my brother's poems."

"Now read 'The Daughter's Prayer,' by my brother."

"Read the following passages of Scripture: Rom. 14:7. 'For none of us liveth to himself, and no man"

The crowning efforts of our year's work in providing the best good things to eat is most lavishly shown by the immensely large stocks now assembled. Our cash selling prices are invariably far below those you are asked to pay elsewhere. Don't fail to profit by them.

### MRS. LOWE WROTE HER OWN OBITUARY

The Parnell Sentinel had the following in this week's issue:

Cynthia C. Lowe, one of Parnell's oldest residents, died at her home here Tuesday, Dec. 6, 1910, aged 88 years, 2 months and 14 days. The following is the program which she prepared to be carried out at her funeral:

I have prepared the following program, which I wish carried out at my funeral.

CYNTHIA C. LOWE.

"In the first place I wish to thank my dear beloved children and grandchildren for all their loving kindness and tender care bestowed upon me when with them. Also I wish to thank all my dear friends that have gathered here to pay their last respects to me as an individual, for all the attentions they have ever given me. Farewell till we meet again."

C. C. LOWE.

"I was born at Wilmington, Mass., August 23, 1822. I was married at Amherst, N. H., to Cyrus Lowe, June 16, 1842. To this union nine children were born. Four, with the father, passed to the unseen world years ago. I departed to higher life.....aged 88 years, 2 months and 14 days. All sing 'Sweet Bye and Bye.'"

"Now read 'The Voyage of Life,' in my brother's poems."

"Now read 'The Daughter's Prayer,' by my brother."

"Read the following passages of Scripture: Rom. 14:7. 'For none of us liveth to himself, and no man

**\$3.50 RECIPE CURES  
WEAK KIDNEYS FREE.**

Relieves Urinary and Kidney Troubles, Backache, Straining, Swelling, Etc.

Stops Pain in the Bladder, Kidneys and Back.

Wouldn't it be nice within a week or so to begin to say good-bye forever to the scalding, dribbling, straining, or too frequent passage of urine; the forehead and the back-of-the-head aches; the stitches and pains in the back; the growing muscle weakness; spots before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness and the despondency?

that you can depend on, and if you want to make a quick recovery, you ought to write and get a copy of it. Many a doctor would charge you \$3.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: Dr. A. E. Robinson, K1153 Luck building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure, harmless remedies, but it has great healing and pain-conquering power. It will quickly show its power once you use it, so I think you had better see what it is without delay—you can use it and cure yourself at home.
